- Quality Assurance
- Education Hub
- Globalization

# HARMONISATION

- QUALITY ASSURANCE
- IPTA/IPTS - AUKU/ACT 555
- Ranking (SETARA, MyQuest)
- Student Activities
- Harmonisation of Diplomas
- Scholarship Awards – MyMaster, MyPhD
- Research Grants

# HOW TO MERGE BEST PRACTICES

**GOVERNANCE**

*Consistency & standardization on both PHEIs & Public U objectives.*

**TEACHING & LEARNING**

*Higher quality education /smaller classes/more hands-on  
Active both curricular & extra curricular*

**ASSESSMENTS**

*Exam, Assignment, Research based & Industrial Training*

**BUSINESS MODEL**

**Cost Effective : win-win**

**TEACHING FORCE**

*Masters & Phd Qualifications in respective field*

**RESEARCH**

*Grants to do researches for both type of institutions.*

**INDUSTRIAL RELATIONSHIP**

*Longer industrial training & exposure to working environment.*

# IMPACT

Reforming and restructuring of private & public higher education in Malaysia will make them more competitive globally.

- Higher education institutions have to reshape their internal organization and practices.

- Policy need to be reformed to achieve excellence, relevance and marketability of the higher education system

- policy makers and sociologists have to examine the impacts of merging practices on strategies adopted for both IPTA / IPTS.

**Universities can be vibrant educational hubs**
