# NEW ECONOMIC MODEL (NEM)

*HIGH-INCOME NATION*

*SUSTAINABILITY*

*INCLUSIVENESS*

**OUTCOME: Quality of Life**

## PROBLEM STATEMENTS

*“THE RESEARCH AND INNOVATION CULTURE IN OUR UNIVERSITIES NEEDS TO PRODUCE MORE COMPETITIVE PRODUCTS FOR THE WORLD MARKET”*

*“ THERE EXIST GAPS WITHIN OUR GRADUATE CAPABILITY TO MEET THE GLOBAL EMPLOYERS’ CHOICE”*

# CULTURE OF INNOVATION

- Enhancing R&D&C Agenda
- Capability
- Understanding on ROI for R&D
- Narrowing “The Valley of Death”
- More Space for Creativity
- Conducive Environment
- University in Industry

## **TRANSFORMATIONAL T & L**

- Holistic students centered learning experience
- A life-transforming experience
- Excellent in Teaching
- Academic Student Support Initiatives
- Innovative and Technology Driven Environment

# GRADUATE CAPABILITY

## CHALLENGES & WAY FORWARD

- Meeting Stakeholders Expectation
- Public Private Partnership (PPP)
- Brain Drain & Gain
- Global Clusters Vs Cost
- Feeder Systems
- Private Providers & “Inclusiveness”
