

Global Think Tank Report 2013 - ASLI's CPPS Ranked Among Top 10 Think Tanks in the World

The Global Report on Think Tanks announced in the United Nations in New York on Friday 24, January 2014, Asian Strategy & Leadership Institute (ASLI) and its research arm, the Centre for Public Policy Studies (CPPS) were ranked among the top Think Tanks in the World and in the Asia Pacific Region.

ASLI's CPPS was ranked No 7 among top Think Tanks in Asia and the Pacific.

This annual Global study on Think Tanks surveyed 6826 think tanks worldwide and was carried out by the University of Pennsylvania.

CPPS was also ranked No 38 in the world among top Education Think Tanks and No 27 in the world among top transparency and good governance Think Tanks. In these two categories ASLI's CPPS were the only Malaysian Think Tanks listed. CPPS was also ranked **No 37 in the world for best advocacy campaign and No 35 for best use of social networks.**

- **ASLI was also ranked No 23 in the world among top think tanks with smaller budgets below USD5mill.**
- **ASLI was ranked No 37 in the world among Think Tanks with best public engagement programmes and No 47 in the world among think tanks with most significant impact on public policy**
- **ASLI was ranked No 47 best managed Think Tanks in the world-the only ASEAN Think Tank in this list.**
- **ASLI was ranked No 29 in the world with best new idea developed last year and No 22 in the world for best policy report produced by a Think Tank last year for our study on FTAS and impact on 10 countries.**
- **ASLI was No 34 in the world for best Think Tank Conferences.**

It is humbled and gratified with the international recognition accorded to both ASLI and CPPS with their high global rankings clearly establishing them as the top Think Tank in Malaysia.

To be in the same top listing with the world's top think tanks like the Brookings Institution, Chatham House, CSIS Washington DC, Carnegie Endowment for International Peace and Peterson Institute for International Economics is indeed satisfying.

In many of the listing, ASLI is the only Think Tank from ASEAN and Malaysia. This Global Ranking will motivate us to even strive harder to contribute more.
